**REGULAR CALENDAR**

**Coronavirus Disease 2019 (COVID-19)**

City Manager Alexander Henderson gave an update on the past 14 days regarding the COVID 19 virus. He said it is changing hourly with the City of Fresno passing Shelter in Place a few hours ago. We have recommendations about guidelines for employees for conducting meetings and emergency proceedings. He reviewed the City’s Emergency Operating Procedures (EOP), adopted in 2010. With the Feds, the State, and the County declaring emergency our EOP is activated. We are not at the point of opening our EOP Control Center. The Fresno County Health Department has the jurisdiction of the County. He spoke about upcoming discussions and concerns since we are in a tri-county area. We are recommending that all public meetings happen with teleconference and that restaurants promote take out/drive through options. City Hall is closed to the public but has been helping customers virtually. Public Safety is working at normal staffing, trash collection is normal; all water turn offs will be suspended till further actions; processing building and planning virtually; Senior Center is closed; partnering with KCAPS for home delivery meals; recreation and community service is closed for now; pool is suspended because we cannot train life guards; and we have created a specific webpage on our website with helpful links.

Council Member Dix asked if we are ratifying the Governor’s executive order. City Attorney Michael Noland said that we will be ratifying any order by the Governor from here to the next meeting.

Mayor Roman said that if we declare an emergency, it will put it in place for funding in case we do need it in the future.
City Attorney Michael Noland said that you can do that if Council desires. He said that we think the funding will come through the counties to the cities. We do have the ability to declare our own emergency. Mayor Roman said that she is fine with waiting the two weeks till the next Council meeting.

Council Member Palomar asked if Kingsburg has a way to test for the virus. City Manager Alexander Henderson said no, as a city we not. Council Member Palomar asked if you report your symptoms to your healthcare professional. He said that we need to have somewhere for our citizens to go. Mr. Henderson said that you report the symptoms to your doctor, and they will direct you.

Mayor Roman stated that if you have symptoms, call ahead and don’t rush down to the doctor’s office.

City Manager Alexander Henderson said that the Fresno County Health Department is our contact. They have tests but I don’t know how many or how they pass them out.

Council Member Dix said that Tulare County has 40 tests to use each day and it takes 3-4 days for them to return. He said that right now numbers are low but can spike and it will be difficult to test.

City Manager Alexander Henderson said that some counties are being more restrictive than others. Fresno County has not.

Mayor Roman said that she is worried about small businesses and them being evicted. She said that she knows it is for residents, but she would like to protect businesses. Council Member Palomar said that he thinks it is a great idea. Council Member Hurtado said that she agrees. We can see what we can try to do. She mentioned different stores that were open during certain hours to allow seniors to shop. Mayor Roman said that she we would like to talk to the businesses. Council Member Dix agreed with Council Member Hurtado. He would like to promote in-home deliveries for seniors and people at risk.

Sandra Staats, representing West Star Construction, said that we think Kingsburg is on the right track, and we would like to do whatever we can to help. We need to support small businesses and if the mandate comes down, if we are tied to agriculture, we can stay open.

Council Member Dix said that he appreciates Sandra and is glad to see the Building Department is still functioning. Keeping building moving along is very important so we don’t have partially built structures.

Council Member Palomar thanked Sandra and said that we will pass on the information.

Council Member Dix said that he has a question about employee policy about negative leave. Is there a limit? City Manager Alexander Henderson said that there is no limit. We are open for suggestion. Mayor Roman said that we want to make sure the employee is healthy before they come back to work Mr. Henderson said that this was put together last week- FMLA has already been expanded and there might be additional sick leave from the Federal Government. Council Member Dix asked if we are tracking these costs in anticipation if there is reimbursement? Mr. Henderson said that we are monitoring all of it.

Council Member North gave recommendations to contact health care providers before going to the Office. Mayor Roman asked again about the declaration of emergency. City Attorney Michael Noland said that he and the City Manager will research to see if there is anything that would be beneficial.
A motion was made by Council Member Hurtado, seconded by Council Member Palomar, to approve the following:

1. Adopt the emergency personnel policy as presented.
2. Any emergency City facility closure to occur with the recommendation of the City Manager and the concurrence of the Mayor.
3. Public meetings to be held via teleconference.
4. Suspension of water turn-offs.

The motion carried by unanimous voice vote.

**T-Mobile Merger Update**
City Manager Alexander Henderson stated that they are moving forward with the call center. AD Baccerra settled the lawsuit with T-Mobile. The settlement had conditions, including that they do open the call center in Kingsburg. On the heels of that, there are a few more hurdles, one is the California Utility Commission. They have announced they are planning to vote to approve at their 4/16 meeting. They also have conditions that are in line with what T-Mobile has done in other states. They will be taking public comment at their 4/16 meeting and Mayor Roman will be giving comment. We want to make sure if they are hiring, that they are hiring people from around here and that they understand the transportation issues.

**Council Reports and Staff Communications**

**Community Services Commission** – Council Member North reported that it hasn’t met.

**Public Safety Committee** – Council Member Palomar reported they met and will be funding crosswalk painting by schools and assist the police department in their camera project.

**Chamber of Commerce** – Council Member North reported that they met on 3/10 at the Annual Business Meeting. They are meeting every two weeks for the BID and the next meeting is tomorrow. It sounds like it is going well with marketing. They cancelled the annual car show but have not cancelled the Swedish Festival. The 2020 directory is complete as of last week. The Chamber has closed their office as of right now. City Manager Alexander stated that we were going to have a BID update tonight, but we shrank our agenda. We will have an update in April.

**Economic Development Committee** – City Manager Alexander Henderson reported that they have not met since the last meeting. The focus is on what the assistance will be from the State and Federal levels.

**Finance Committee** – Council Member Dix reported that it hasn’t met. City Manager Alexander Henderson stated that tentatively they will meet next week.

**Planning Commission** – City Manager Alexander Henderson stated that they will have an April meeting via teleconference.

KINGSBURG CITY COUNCIL
SPECIAL MEETING
March 23, 2020 at 6 pm

Based upon recommendations from the CDC regarding social distancing relative to COVID-19 (coronavirus) and in accordance with the applicable provisions of Executive Order N-25-20 issued by Governor Newsom on March 12, 2020 (“EO”), the Special City Council meeting scheduled for March 23, 2020 was held via teleconference. Per the EO, the City Council Chamber, located at 1401 Draper St., was closed during the teleconference. The City had a free call-in conference call number for those who wish to provide public comment during the public comment period of the agenda or on a specific agenda item.

6 P.M. SPECIAL SESSION MEETING:

Call to order and roll call: At 6:00pm Mayor Michelle Roman called the special meeting of the Kingsburg City Council to order.

Council Members present via teleconference: Jewel Hurtado, Vince Palomar, Sherman Dix, Laura North and Mayor Michelle Roman.

Staff Members present: City Manager Alexander Henderson, City Clerk Abigail Palsgaard and City Attorney Michael Noland via teleconference.

Public Comments: Heather Dunn, Resident, asked City Council revisit allowing backyard chickens. The importance of self-reliance regarding food has been brought to light with the shortages in stores. It will help families provide for their own.

Regular Calendar

Adopt Resolution 2020-022 A Resolution Of The City Council Of The City Of Kingsburg Proclaiming The Existence Or Threatened Existence Of A Local Emergency (Covid-19)

City Manager Alexander Henderson stated this is a continuation of discussion from last Wednesday’s meeting specific to the declaration of a local emergency regarding COVID 19. The Federal Government and the State of California have declared an emergency. Mr. Henderson said he has now declared an emergency and through this action he is designated Director of Emergency Services. The City Council must consider and ratify within 7 days.

Mayor Roman asked for the record who is on the Kingsburg Disaster Committee. City Manager Henderson said by the City Code it is the Mayor, the City Manager, the Fire Chief and the Police Chief. According to the adopted Emergency Operations Plan Chief Perkins would be the Assistant Director.

Council Member Dix asked what the limitation of the actions of the Disaster Committee are compared to City Council. City Manager Henderson reviewed City Code Section 2.40.040 – The powers and duties of the Disaster council shall be and is hereby empowered, to develop and recommend for adoption by the city council, emergency and mutual aid plans and agreements and such ordinances and resolutions and rules and regulations as are necessary to implement such plans and agreements.
City Manager Henderson explained the Emergency Operations Plan is more relative as the City Code was adopted in 1973 and the Emergency Operations Plan in 2010. City Council remains the decision-making body. City Attorney Noland explained these issues would come as recommendations to the City Council for purposes of review and adoption. Council Member Dix said it would make sense to name the Fire Chief the Assistant Director. He asked if we have the line of succession. City Manager Henderson stated according to the Emergency Operations Plan it is the City Manager, then the Police Chief and then the Fire Chief.

Dave Crinklaw, West Star Construction, commended everything City Council has done to take action. He said they have shown great leadership and asked to be contacted if he can help in anyway.

Council Member North made a motion to approve a request from the Director of Emergency Services for the City of Kingsburg that the City Council of the City of Kingsburg proclaim the existence or threatened existence of a local emergency (COVID-19) and adopt Resolution 2020-022 of the City Council of the City of Kingsburg proclaiming the existence or threatened existence of a local emergency (COVID-19). Council Member Hurtado seconded the motion. The motion carried by unanimous voice vote.

City Manager’s Report

City Manager Henderson relayed that staff did contact all the grocery stores as directed by Council to see if they have special hours for seniors. Save Mart has senior specific hours, does do delivery through Instacart with a fee. The other ones, late last week, were not offering senior specific hours. Staff has started a list of open business with hours and if they have online options, City Manager Henderson said he has been talking to other city managers regarding eviction relief, continuing to look into that. The ambulance calls for service have been down 50%.

There are potential revenue impacts, building permits have slowed, user fees for recreation and parks have gone down due to the program and the parks being closed. Staff suspects lower TOT taxes as travel is not recommended. CalPERS has lost 69 billion and won’t know total losses until Summer 2020. Council Member Dix asked for Finance Director Colado to do an analysis if TOTs are down and if sales tax with gas prices are dropping so we can get an idea of those numbers. City Manager Henderson said he is having a tax consultant updating sales tax recession numbers.

Council Member North asked if city employees are not getting paid if they are not working. City Manager Henderson said they are not getting paid, if they have sick leave, they can use it. The After School Recreation is a cost neutral program. Council member Dix asked if there is a way to repurpose those employees. City Manager Henderson said he will look into it.

Mayor Roman discussed the potential evictions in town due to the shelter in place. She would like to pass something that supports stopping evictions and foreclosures. Council Member Dix said it is difficult to get involved in a private contract. He would rather leave it up to the individual to decide, maybe work on a rent reduction. No evictions translate to no rent, possibly. Mayor Roman clarified that she is not talking about eliminating rent, just that the tenant cannot be evicted because of a late payment. Council Member Dix gets that they are talking about deferring rent, but we need to look at the burden on landlords. It is not the place of City Council to decide.

Mayor Roman said it already is passed for residential mortgages. Council member Dix said it is up to the local jurisdiction to determine. City Manager Henderson said there are two different mortgage reliefs, one is federal and only related to FHA loans. The other the Governor gave local jurisdictions the ability to give
specific direction. He didn’t provide any specific relief. Council Member Hurtado stated the Governor left it up to local jurisdictions. City Attorney Noland said the Fresno County Court cut back hours and consequently cases are not being seen. The Court has limited access in the actions that can be brought, including any type of civil action. Council Member Dix stated that commercial tenants can be exonerated from eviction, even if they are currently 6 months behind which could stop the landlord from renting to a hospital or the government. Council Member North said it is so new, and we don’t know what the future holds. We can hold off and come back in a future time. Council agreed.

City Manager Henderson said the Governor is asking for passive compliance. Recently Staff and Council Members have had folks ask about playgrounds and parks. We are asking people to follow the guidelines. Until the Governor goes to mandated enforcement, that has been our approach at the local level. It is new and confusing. There is updated information on the website for our citizens. The City Manager said he is available for questions. Council Member North said she had a citizen contact her that they concerned about children playing at park equipment, other communities have put up police tape. City Manager Henderson said staff has closed restrooms, put up signs about proper hygiene, have been wiping down equipment but can’t do it everyday. If there is a desire to fence off the parks, we can. Council Member Dix said he thinks points are a valid; high touch areas could be spreading it. He can imagine a lot of police tape being ripped down. Council Member Hurtado said she saw lots of kids playing yesterday at Athwal. She doesn’t know if police tape is the best idea. Parks are a high touch area. Mayor Roman asked if we have orange fencing. City Manager Henderson said he will work with Community Services Director Adam Castaneda and Public Works with barricades and signage. Council Member Palomar feels citizens are not taking it seriously. He thinks it a good idea to look at fencing up parks. Council gave staff direction.

Mayor Roman said she appreciates all of Economic Development Consultant Jolene Polyack’s work on the list of what businesses are open. It is on the City website.

**Other Business that may come properly before the City Council**

Council Member Palomar said he is worried about going into a recession and water shutoffs. We will need a policy for how they can pay it back.

Mayor Roman thanked staff and citizens, we will work together and get through it.

The Special Kingsburg City Council Meeting was adjourned at 6:48pm.

EXECUTIVE SUMMARY

NOTE: This information is the best available as of posting on Friday, March 27. The rapidly changing nature of this pandemic means information may not be accurate with current events.

The topic on everyone’s mind is the rapidly changing pace of details related to COVID-19 (coronavirus) on a local, state and global level. City staff have been engaged in continual conversations regarding both employee and resident-level response as the situation changes.

On March 23, the city council declared a local state of emergency. Staff continues to monitor and follow public health experts’ advice. Over the past week, staff has working on the following related to COVID-19:

1. Development of updated leave policy to be compliant with newly enacted Federal legislation.
2. Continued organizational continuity planning for employees working from home (technology, alternate work schedules).
3. Examination of revenue projections and impacts on sales tax, transient occupancy tax and community development fees.
   - Sales Tax Forecast information is attached. Avenu Insights has also provided a spreadsheet that allows staff to project potential impacts depending upon the duration of COVID-19 impacts (beginning March 2020).
4. The city’s Economic Stabilization Fund was created for just this purpose. The fund currently has balance of $630,509. These funds can be utilized to help stabilize short-term General Fund impacts due to the anticipated loss of revenue.
5. Development of internal protocols should virus spread affect Kingsburg – including continuity of operations planning for all departments. Coordination with Fresno Co. Dept. of Public Health. This includes potential deployment of emergency operations center.
6. Focused efforts on communicating during a crisis. Information provided by Bloomberg Harvard City Leadership Initiative (see attached tips).
   - Experts are stressing to make all messaging consistent, honest (no predictions), empathetic, realistic and hopeful.

BACKGROUND INFORMATION

Community Preparedness
- Our facilities are equipped with the necessary sanitizing supplies and we have been regularly cleaning public counters, as we always do. All of our public counters have CDC fact sheets providing educational information about the virus as well as information regarding proper prevention techniques.

- We have been in regular contact with local school administrators as well as Fresno County Public Health officials to coordinate any local notifications and to monitor the changing landscape. Current guidelines continue to offer recommendations related to practicing safe hygiene as well as guidance should the County move to a community-transmitted scenario.

- Closed our public playgrounds to further promote social distancing recommendations.

- Created and continue to update an active businesses list.

- Working to ensure all seniors have at least one meal during the week. We are providing meals for 60+ seniors during the week.

- The City and Chamber of Commerce are working on contingency plans that may impact future events. The Car Show has been canceled.

- Council has approved policy related to the suspension of water shut offs for non-payment.

Organizational Preparedness
- Taking care of employees is a vital concern. All our departments and employee areas have CDC fact sheets providing educational information about the virus as well as information regarding proper prevention techniques.

- City Hall is operating virtually, closed to the public since March 16. Continued organizational continuity planning for employees working from home (technology, alternate work schedules).

- The City utilizes and internal employee newsletter that is used frequently to provide updated information related to the virus and actions being taken to protect employees.

- First responders and their safety remain a big focal point, and we are utilizing expert fact sheets that provide guidance for EMS and Law enforcement providers as well.

- On March 11, the Kingsburg Tri-County Health Care District authorized up to $75,000 in funding to help with the sanitizing of first responder vehicles and equipment, as well as emergency funding for a potential
declared emergency that could impact the community. We have purchased four (4) commercial fogging/decontamination machines capable of large-scale dissemination of a viricidal agent.

**Federal & State Action**
The President and State of California have declared emergencies regarding the COVID-19 pandemic. Each have provided several resources, including:

- FEMA
- State of California
- CDC

What’s New This Week

**New York**

There has been a major surge of seriously ill patients in New York City.

**For Mayors**

Even if a slower rise than in New York, other cities could follow a similar path. Strong control measures remain necessary.
What’s New This Week

**Therapeutics**
Rising demand for chloroquine – despite no high-quality studies demonstrating effectiveness – has created shortages for patients who need these medications for other conditions.

**For Mayors**
Instead of chasing after unproven therapies, mayors should support the gathering of high-quality evidence to find out what works.
What’s New This Week

Many biotech companies are investing in COVID-19 vaccines
What’s New This Week

**Serology Tests**

FDA has cleared the first serology tests, which measures the antibody response to the virus.

**For Mayors**

This is an example of a tool that will help inform local efforts over time and help with strategic decisions on opening the economy. We are not stuck in this period of uncertainty forever.

When is it appropriate to end extreme social distancing?

Likely severity of COVID-19, based on what is known about spread and severity compared to historic seasonal and pandemic influenza.
## Adaptive Response

### Disease Control
- Early detection (lab testing, alert clinical systems) and case isolation (home, hospital, other facilities)
- Extensive testing
- Contact tracing
- Health care infection prevention and control
- Appropriate clinical care including staff surge when needed
- Community engagement with clear communication, assessment of community acceptance leading to adjustment of approach
- Everyday personal NPIs (wash hands, cover coughs, stay home if ill)
- Environmental NPIs (clean surfaces, increase ventilation)
- Personal NPIs (household quarantine, mask in community if ill)
- Community NPIs (high-risk group social distancing and closing schools)
- Community NPIs (general social distancing [SD] and closing schools [CS])
- Community NPIs (general SD and CS)
- Community NPIs (general SD and CS)

### Non-Pharmaceutical Interventions (NPI)

### Supporting Society
- Address ongoing health care needs including supply chain management and increased telemedicine
- Support continued social and economic activity including learning, emergency services, essential activities
- Protect vulnerable populations

### Pharmaceutical Interventions
- Treatments
- Vaccines

### Containment | Mitigation | Suppression | Prevention

Version 2.0, 20 March 2020
TWO Reasons for Sheltering-in-Place

1. Flatten the Curve
   So health care facilities are not overwhelmed, especially with patients who need intensive care for viral pneumonia

2. Strengthen health care and public health
   **Health care**
   **Public health**
   Capacity for testing, contact tracing, isolation of ill people, quarantine of contacts
DRAFT CRITICAL PERFORMANCE TARGETS

1. Empowered incident manager aligned with political leaders

2. Can test every patient with pneumonia, every symptomatic person, capacity for drive-through (or equivalent) testing

3. Can start contact tracing within hours of case identification, obtain contacts for >95% of cases, track >95% of contacts, test 100% of symptomatic contacts, monitor >95% of quarantined contacts for 14 days

4. Daily briefing with accurate numbers on infected, ill, deaths, and updated guidance by credible spokesperson

5. Health care workers adequately protected with policies, training, and sufficient personal protective equipment
DRAFT CRITICAL PERFORMANCE TARGETS

6. Health care systems able surge safely to care for large numbers of mildly ill patients, a large increase in patients needing intensive care, and for patients needing ongoing, non-coronavirus-related care

7. System in place to resume targeted or general social distancing measures rapidly if needed

8. Capacity to support nutrition, learning, physical and mental wellbeing, and social needs during sheltering-in-place

9. Community engagement with assessment of community perceptions and behaviors and effectiveness of messaging

10. Rapid and smooth coordination with state, federal, and county governments and health departments
THREE Considerations for When It’s Safe to Come Out Again

1. Cases no longer spreading widely
   - Fewer unlinked cases, falling case rates, contact tracing keeping up with case reports

2. Stronger health care system
   - Able to withstand blip of cases without risking health care worker and patient lives

3. Public health capacity
   - Test patients and trace contacts immediately, isolate the ill, quarantine contacts
THREE Considerations for How to Safely Loosen the Faucet on Sheltering-in-Place

1. Medically vulnerable continue to shelter
   Potentially, those with prior illness will be protected – but we don’t know this yet

2. Prioritize societal benefit
   Day care, maybe schools (protecting the vulnerable), infrastructure, partial safe re-opening, sanitizer/temp checks

3. Prepare to tighten the faucet if cases spike
   Test patients and trace contacts immediately, isolate the ill, and quarantine contacts effectively
Coronavirus Local Response Initiative Session Two
“Communicating in a Crisis”

This handout reviews key points from session two of the Coronavirus Local Response Initiative for city leaders, drawing on the work of Juliette Kayyem, Herman B. “Dutch” Leonard, Arnold M. Howitt, David W. Giles, and Jorrit de Jong.

“You must never confuse faith that you will prevail in the end—which you can never afford to lose—with the discipline to confront the most brutal facts of your current reality, whatever they might be.”

—Admiral James Stockdale

WHY THIS CRISIS IS DIFFERENT

1. Uncertainty: We are dealing with a virus that is incompletely understood and continually evolving with unpredictable results. In response, we are taking unprecedented actions with unclear consequences.

2. Ubiquity: The global scale of this pandemic and the fact that we live in an interconnected and interdependent world means that ripple effects will continue to impact cities everywhere, even if or when the public health aspects are under control.

3. Open-endedness: We will not know to a moral certainty when adults can safely go back to the office and children back to school. From a public-health point of view, the pandemic doesn’t end until we have an effective vaccine that can be widely administered—perhaps 18 months or more.

4. Pressure: To contain the spread and the impact of the virus, leaders are making enormously consequential social and economic decisions. Pressure from those suffering economic losses will increase. You will be asked to predict the future, announce when things can go back to normal, or lift restrictions—even when that would put more lives at risk.

5. Judgment calls: It is too late to prevent tragedy entirely; our goal is to manage it within the limits of scientific progress and public tolerance. There will be many judgment calls to make. The challenge is to discover, innovate, and learn our way forward into an unknown future.

6. Community: The encompassing and protracted nature of this crisis will reveal the strengths and weaknesses of the formal and informal systems and structures in your city and test the character of the community you lead.

CRISIS COMMUNICATION

Your top goals for communication in this crisis are to convey information (transparent, trustworthy, consistent, and coordinated), empathy (for everyone affected), and hope.
1. **Craft your communications thoughtfully. Consider:**
   - **Messagee:** Who are you trying to reach? Filter the message through their perspective on/understanding of the issue.
   - **Message:** What exactly do you want to convey?
   - **Messager:** Who would lend the most authority, expertise, legitimacy, or political capital as the source of the message?
   - **Messenger:** Who is the best person to deliver the message effectively to the messagee(s)?

2. **Link facts, people, and values to desired actions and outcomes:**
   - **Situation:** *What is happening?*
     - Define and describe the event in the terms you want your stakeholders to internalize and respond to. How serious is it? How bad could it get? How long is it likely to last?
   - **Identity:** *Who is this happening to?*
     - Be clear about who is included in the group you are defining. Who is particularly likely to be affected? Whose interests are you trying to understand and taken into account?
   - **Values at stake:** *Why should we care?*
     - Describe what you think is at stake. How will this event affect the things that matter to us most? What should we focus on preserving? What trade-offs might have to be made and what losses will we be asked to absorb?
   - **Action:** *What should we do?*
     - What are the specific steps people should take? What should they do to reduce risk to themselves and others? What should they do if they have symptoms? Who are the experts they should listen to? What are the range of potential actions that government may take and what are the triggers for those actions?

3. **Take communication very seriously. Keep these recommendations in mind:**
   - Don’t “wing it.” Prepare carefully and consistently.
   - Coordinate with colleagues to ensure consistency in messaging.
   - Say what you know and how you know it. Let the metrics lead the narrative.
   - Be honest about what you don’t know. Don’t make predictions.
   - Defer to experts and reinforce what they’re saying.
   - Don’t cast blame. Look to reassure and build confidence.
   - Say what you are doing and why, and be clear about what you are asking others to do.
   - Show compassion for those who are sick, appreciation for those working so hard to respond, and empathy for those whose lives are disrupted.
   - Pace the unwelcome news. Adaptive leadership is about helping people adjust to changing realities. Find a rate of information fast enough to keep pace with the problem, but not so fast that public reaction will undercut the effort.
   - Whenever possible, look for a simple refrain that gets to the heart of complex ideas (for example, Dr. Fauci’s statement: “You don’t make the timeline. The virus makes the timeline.”)
EXECUTIVE SUMMARY
On March 23, the City Council declared a local state of emergency. Staff continues to monitor and follow public health experts’ advice. Government Code Sections 8610 and 8634, along with City Municipal Code section 2.40.060 empower the Director of Emergency Services:

1. To make and issue rules and regulations on matters reasonably related to the protection of life and property as affected by such emergency; provided, however, such rules and regulations must be confirmed at the earliest practicable time by the city council.

As such, staff has been working on the development of updated leave policy to be compliant with newly enacted Federal legislation. The policy merges and clarifies the policy that was previously adopted by council on March 18, 2020. Since that meeting the Federal government has provided additional leave benefits through legislative action. This policy intends to provide an update to our policies to comply with those directives. This new policy includes:

- The expanded provisions of the Family Medical Leave Act (FMLA) provided under the Emergency Leave Expansion Act. The Act allows eligible employees to utilize up to 12 weeks of job-protected leave for qualifying COVID-19 reasons for absence. This leave is not in addition to any other FMLA leave.

- The Emergency Paid Sick Leave Act, which provides employees with up to 80 hours of paid leave for qualifying COVID-19 reasons for absence. This leave is in addition to any other leave accrued under existing Memoranda of Understandings, policies, and employment contracts. The leave expires on December 31, 2020. The sick leave is subject to daily and aggregate caps depending on the COVID-19 reason for absence. The City will be reimbursed for the Emergency Paid Sick Leave through payroll taxes, in accordance with the Department of Treasury guidelines.

- Clarification of the maximum 80-hour negative leave bank for those employees who require additional time beyond the 80 hours provided via the Families First Coronavirus Relief Act.

- Includes an Emergency Telecommuting Policy and Agreement for employees deemed eligible by the Director of Emergency Services. The policy is temporary and may be revoked at anytime by the City Manager. The policy sets forth specific guidelines for employees to maintain professionalism and good work ethics while teleworking.

- Supporting internal forms and agreement templates for all COVID-19 related leaves regardless of paid or unpaid status.
Staff continues to monitor and adjust with regards to internal operations. Several employees are teleworking, and we have modified our in-field procedures for positions that have limitations on teleworking in order to minimize contact with the public.

RECOMMENDED ACTION BY CITY COUNCIL

1. Approve the proposed policy from the Director of Emergency Services relating to employee leave/pay during emergency determined as necessary to safeguard life and property and continue essential services of the city of Kingsburg.

POLICY ALTERNATIVE(S)

1. Council could choose to amend the policy.

STRATEGIC GOAL(S) MET:

1. Improve Community Communication
2. Ensure Financial Stability

(a) diagnosis, care, or treatment of an existing health condition of, or preventative care for, an employee or any of the following of the employee’s family members: child of any age or dependency status; parent; parent-in-law; spouse; registered domestic partner; grandparent; grandchildren; or sibling (Labor Code §§ 233(b)(2); 245.5(c); 246.5(a)(1)); or

(b) for an employee who is a victim of domestic violence, sexual assault, or stalking to: i) obtain or attempt to obtain a temporary restraining order or other court assistance to help ensure the health safety or welfare of the employee or his or her child; or ii) obtain medical attention or psychological counseling; services from a shelter; program or crisis center; or participate in safety planning or other actions to increase safety. (Labor Code §§ 230(c); 233(b)(3)(A); 246.5(a)(2)).

Additionally, from April 1, 2020 through December 31, 2020, employees can take Emergency Paid Sick Leave as follows:

(a) Employees are entitled to Emergency Paid Sick Leave at their regular rate of pay if they are unable to work or telework for the following reasons:

(1) The employee is subject to a Federal, State, or local quarantine or isolation order related to COVID-19.

(2) The employee has been advised by a health care provider to self-quarantine due to concerns related to COVID-19.

(3) The employee is experiencing symptoms of COVID-19 and seeking a medical diagnosis.

(b) Employees are entitled to Emergency Paid Sick Leave at two-thirds of the employee’s regular rate of pay if they are unable to work or telework because:

(1) The employee is caring for an individual who is subject to a Federal, State, or local quarantine or isolation order related to COVID-19 or been advised by a health care provider to self-quarantine due to concerns related to COVID-19 order as described in subparagraph (1) or has been advised as described in paragraph (2) of subsection (a), above.
(a) Accrual & Carryover for Different Categories of Employees:

1) Full time employees who are not seasonal/temporary or extra help accrue sick leave for each calendar month of paid status; part-time employees who are not seasonal/temporary or extra help accrue sick leave in an amount prorated to the lower number of hours they work each calendar month in paid status. Accrued sick leave carries over from year to year. No accrual limit applies.

2) A seasonal/temporary or extra help employee who works 30 or more days within a year from the commencement of employment with the City of Kingsburg accrues one hour of paid sick leave for every 30 hours worked. (Labor Code § 246(a).) Accrued and unused sick leave carries over to the following year of employment but a [seasonal/temporary or extra help employee] stops earning sick leave once he or she has accrued 48 hours or 6 work days/shifts, whichever is greater. (Labor Code § 246(i).)

(b) Sick Leave Use

An employee may use accrued sick leave, in a minimum increment of two hours, beginning on the 90th day after the first day of employment with the City of Kingsburg, subject to the limits and request provisions in this Policy. (Labor Code § 246(c) & (j).)

(c) Emergency Paid Sick Leave:

(1) Leave taken as Emergency Paid Leave is in addition to any other leave accrued and does not accrue beyond 80 hours. Unused leave does not carryover for any employees.

(2) Emergency Paid Sick Leave is subject to the following caps:

i. $511/Day and $5,110 in the Aggregate for the Following Employee-Related COVID-19 Absence Reasons

1. The employee is subject to a Federal, State, or local quarantine or isolation order related to COVID-19.

2. The employee has been advised by a health care provider to self-quarantine due to concerns related to COVID-19.

3. The employee is experiencing symptoms of COVID-19 and seeking a medical diagnosis.

ii. $200/Day and $2,000 in the Aggregate for the Following Reasons Related to the Employee Taking Leave to Care for an Individual or Son or Daughter
1. The employee is caring for an individual who is subject to an order as described in subparagraph (1) or has been advised as described in paragraph (2).

2. The employee is caring for a son or daughter of such employee if the school or place of care of the son or daughter has been closed, or the child care provider of such son or daughter is unavailable, due to COVID-19 precautions.

3. The employee is experiencing any other substantially similar condition specified by the Secretary of Health and Human Services in consultation with the Secretary of the Treasury and the Secretary of Labor

(3) Employees may supplement the two-thirds pay with their accrued leaves to achieve 100% of their regular rate of pay.

(d) Protected Sick Leave:

1) For full time employees who are not seasonal/temporary or extra help, one-half of the employee's accrued and available annual sick leave is protected and may be used for any of the purposes stated in this Policy. (Labor Code §§ 233(b)(2); 233(b)(3)(A); 246(d).)

2) For seasonal/temporary or extra help employees, up to 48 hours of accrued and available sick leave each year is protected and may be used for any of the purposes stated in this Policy. (Labor Code § 246(d).) The year is measured beginning on July 1, 2015, or the employee’s anniversary of hire date, whichever is later.

3) Emergency Paid Leave described in section 804.1 is protected when used for the reasons specified in section 804.1.

4) Sick Leave Request:

To request to use sick leave if the need for leave is foreseeable, an employee must give the immediate supervisor reasonable advance written or oral notice. (Labor Code §§ 246(l); 246.5(a).) If the need for sick leave is not foreseeable, the employee shall provide written or oral notice of the need for the leave as soon as practicable. (Labor Code § 246(l).) If the employee is required to be absent on sick leave for more than one day, the employee must keep the immediate supervisor informed each day as to the date the employee expects to return to work and the purpose of the leave. Failure to request sick leave as required by this Policy without good reason, may result in the employee being treated as absent without leave.
(f) Certification

The City of Kingsburg may require that employees who are not seasonal, temporary, or extra help, must provide a physician's certification to support any absence that involves the illness of the employee or family member if the City of Kingsburg suspects that there is an abuse of sick leave by the employee. All employees, including seasonal, temporary, or extra help, who use paid leave to address issues related to domestic violence, sexual assault or stalking, and who cannot provide advance notice of their need for leave must provide certification of the need for leave within a reasonable time thereafter. (Labor Code § 230(d)(2).) An employee using Emergency Paid Sick Leave must certify the reason for the leave.

(g) Sick Leave on Separation from Employment

Unused sick leave is not cashed out upon termination, resignation, retirement, or other separation from employment. (Labor Code § 246(f)(1).) Unused sick leave may be converted to retirement service credits only as may be permitted under applicable retirement system laws and regulations.

(h) Sick Leave Reinstatement:

If an employee separates and is rehired within one year from separation, accrued and unused sick leave, to a maximum of 6 days or 48 hours, whichever is greater, will be reinstated. (Labor Code § 246(f)(2).) An employee who worked at least 90 days in the initial employment with the City of Kingsburg may immediately use reinstated sick leave. An employee who had not worked 90 days in the initial employment with the City of Kingsburg must work the remaining amount of the 90 day-qualifying period to be able to use accrued sick leave. (Labor Code § 246(c).) Unused Emergency Paid Sick Leave will not be reinstated after December 31, 2020.

806 Family and Medical Care Leaves

806.1 Statement of Policy; Concurrent Running of FMLA and CFRA Leaves

The City of Kingsburg provides family and medical care leave for eligible employees as required by State and federal law. Employees who misuse or abuse family and medical care leave may be disciplined up to and including termination. Employees who fraudulently obtain or use CFRA leave are not protected by the CFRA’s job restoration or maintenance of health benefits provisions. This Policy is supplemented by the Federal Family and Medical Leave Act (“FMLA”), and the California Family Rights Act (“CFRA”). Unless otherwise stated in this Policy, “Leave” means leave pursuant to the FMLA and CFRA. Unless otherwise provided by law, the City of Kingsburg will run each employee’s FMLA and CFRA leaves concurrently.
(a) “12-Month Period” means a rolling 12-month period measured backward from the date leave is taken and continuous with each additional leave day taken. (29 CFR § 825.200(b)(4); 2 Cal.Code Regs § 11090(b).)

(b) “Single 12 Month Period” means a 12-month period which begins on the first day the eligible employee takes FMLA leave to take care of a covered servicemember and ends 12 months after that date. (29 CFR § 825.200(f).)

(c) “Child” means a child under the age of 18 years of age, or 18 years of age or older who is incapable of self-care because of a mental or physical disability. An employee’s child is one for whom the employee has actual day-to-day responsibility for care, and includes a biological, adopted, foster or step-child. A child is “incapable of self care” if he/she requires active assistance or supervision to provide daily self-care in three or more of the activities of daily living or instrumental activities of daily living, such as caring for grooming and hygiene, bathing, dressing and eating, cooking, cleaning shopping, taking public transportation, paying bills, maintaining a residence, or using telephones and directories. (29 CFR § 825.102; Gov. Code § 12945.2(c)(1).)

(d) “Parent” means the biological parent of an employee or an individual who stands or stood in loco parentis (in place of a parent) to an employee when the employee was a child. This term does not include parents-in-law. (29 CFR § 825.102; Gov. Code § 12945.2(c)(7).)

(e) “Spouse” means one or two persons to a marriage, regardless of the sex of the persons, and for purposes of CFRA leave, includes a registered domestic partner as defined below. (29 CFR § 825.102; Fam. Code § 300; 2 Cal.Code Regs § 11087(r).)

(f) “Domestic Partner” is another adult with whom the employee has chosen to share their life in an intimate and committed relationship of mutual caring and with whom the employee has filed a Declaration of Domestic Partnership with the Secretary of State, and who meets the criteria specified in California Family Code section 297. A legal union formed in another state that is substantially equivalent to the California domestic partnership is also sufficient. (Fam. Code § 299.2.)

(g) “Serious Health Condition” means an illness, injury impairment, or physical or mental condition that involves:

1) Inpatient Care in a hospital, hospice, or residential medical care facility, including any period of incapacity (e.g., inability to work or perform other regular daily activities due to the serious health condition, treatment involved, or recovery therefrom). A person is considered “inpatient” when a health care facility admits
him or her to the facility with the expectation that he or she will remain at least overnight, even if it later develops that such person can be discharged or transferred to another facility, and does not actually remain overnight; or

2) Continuing treatment by a health care provider: A serious health condition involving continuing treatment by a health care provider includes any one or more of the following:

   a. A period of incapacity (i.e., inability to work, or perform other regular daily activities) due to serious health condition of more than three consecutive calendar days; and

   b. Any subsequent treatment or period of incapacity relating to the same condition, that also involves:

      i. Treatment two or more times by a health care provider, by a nurse or physician’s assistant under direct supervision by a health care provider, or by a provider of health care services (e.g., a physical therapist) under orders of, or on referral by a health care provider; or

      ii. Treatment by a health care provider on at least one occasion which results in a regimen of continuing treatment under the supervision of the health care provider. This includes, for example, a course of prescription medication or therapy requiring special equipment to resolve or alleviate the health condition. If the medication is over the counter, and can be initiated without a visit to a health care provider, it does not constitute a regimen of continuing treatment.

3) Any period of incapacity due to pregnancy or for prenatal care. (29 CFR § 825.120; Gov. Code §12945.2(c)(8).) Note that pregnancy is a “serious health condition” only under the FMLA. Under California law, an employee disabled by pregnancy is entitled to pregnancy leave. (See Policy 808, Leave Because of Pregnancy, Childbirth, or Related Medical Condition.)

4) Any period of incapacity or treatment for such incapacity due to a chronic serious health condition. A chronic serious health condition is one which:

   i. Requires periodic visits for treatment by a health care provider, or by a nurse or physician’s assistant under direct supervision of a health care provider;

   ii. Continues over an extended period of time (including recurring episodes of a single underlying condition); and
iii. May cause episodic rather than a continuing period of incapacity (e.g.,
asthma, diabetes, epilepsy, etc.). Absences for such incapacity qualify for
leave even if the absence lasts only one day.

5) A period of incapacity that is permanent or long-term due to a condition for which
treatment may not be effective. The employee or family member must be under
the continuing supervision of, but need not be receiving active treatment by health
care provider.

6) Any period of absence to receive multiple treatments (including any period of
recovery therefrom) by a health care provider or by a provider of health care
services under orders of, or on referral by, a health care provider, either for
restorative surgery after an accident or other injury, or for a condition that would
likely result in a period of incapacity of more than three consecutive calendar
days in the absence of medical intervention or treatment. (29 CFR § 825.113;
Gov. Code § 12945.2(c)(8); 2 Cal.Code Regs § 11087(q)(1).)

(h) “Health Care Provider” means:

1) A doctor of medicine or osteopathy who is authorized to practice medicine or
surgery in the State of California;
2) Individuals duly licensed as a physician, surgeon, or osteopathic physician or
surgeon in another state or jurisdiction, including another country, which directly
treats or supervises treatment of a serious health condition;
3) Podiatrists, dentists, clinical psychologists, optometrists, and chiropractors (limited
to treatment consisting of manual manipulation of the spine to correct a subluxation
as demonstrated by x-ray to exist) authorized to practice in California and
performing within the scope of their practice as defined under California State law;
4) Nurse practitioners and nurse-midwives and clinical social workers who are
authorized to practice under California State law and who are performing within
the scope of their practice as defined under California State law;
5) Christian Science practitioners listed with the First Church of Christ, Scientist in
Boston, Massachusetts; and
6) Any health care provider from whom an employer or group health plan’s benefits
manager will accept certification of the existence of a serious health condition to
substantiate a claim for benefits. (29 CFR § 825.102; Gov. Code §
12945.2(c)(6).)

(i) “Covered active duty” means: 1) in the case of a member of a regular component of the
Armed Forces, duty during deployment of the member with the Armed Forces to a
foreign country; or 2) in the case of a member of the reserve component of the Armed
Forces, duty during the deployment of members of the Armed Forces to a foreign country
under a call or order to active duty under certain specified provisions. (29 CFR §
825.102.)
(j) “Covered Servicemember” means: 1) a current member of the Armed Forces, including a member of the National Guard or Reserves, who is undergoing medical treatment, recuperation, or therapy, is otherwise in outpatient status, or is otherwise on the temporary disability retired list, for a serious injury or illness; or 2) a veteran who is undergoing medical treatment, recuperation, or therapy, for a serious injury or illness and who was a member of the Armed Forces, including a member of the National Guard or Reserves, at any time during the period of five years preceding the date on which the veteran undergoes that medical treatment, recuperation, or therapy. (29 CFR § 825.102 & 825.122.)

(k) “Outpatient Status” means, with respect to a covered servicemember, the status of a member of the Armed Forces assigned to either: (1) a military medical treatment facility as an outpatient; or (2) a unit established for the purpose of providing command and control of members of the Armed Forces receiving medical care as outpatients. (29 CFR § 825.102.)

(l) “Next of Kin of a Covered Servicemember” means the nearest blood relative other than the covered servicemember’s spouse, parent, son, or daughter, in the following order of priority: blood relatives who have been granted legal custody of the covered servicemember by court decree or statutory provisions, brothers and sisters, grandparents, aunts and uncles, and first cousins, unless the covered servicemember has specifically designated in writing another blood relative as his or her nearest blood relative for purposes of military caregiver leave under the FMLA. (29 CFR § 825.102.)

(m) “Serious Injury or Illness” means: 1) in the case of a member of the Armed forces, including a member of the National Guard or reserves, means an injury or illness that a covered servicemember incurred in the line of duty on active duty in the Armed Forces (or existed before the beginning of the member’s active duty and was aggravated by the service in the line of duty on active duty in the Armed Forces) and that may render the servicemember medically unfit to perform the duties of the member’s office, grade, rank, or rating; or 2) in the case of a veteran who was a member of the Armed Forces, including a member of the National Guard or Reserves, means an injury or illness that was incurred by the member in the line of duty on active duty in the Armed Forces (or existed before the beginning of the member’s active duty and was aggravated by service in the line of duty on active duty in the Armed Forces) and that manifested itself before or after the member became a veteran. (29 CFR § 825.102.)

806.3 Reasons for Leave

Leave is only permitted for the reasons listed below.

(a) The birth of a child or to care for a newborn of an employee; (29 CFR § 825.120; Gov. Code § 12945.2(c)(3)(A));
(b) The placement of a child with an employee in connection with the adoption or foster care of a child; (29 CFR § 825.121; Gov. Code § 12945.2(c)(3)(A));

(c) Leave to care for a child, parent, spouse, or domestic partner who has a serious health condition; (29 CFR § 825.113; Gov. Code § 12945.2(c)(3)(A) & (B));

(d) Leave because of a serious health condition that makes the employee unable to perform any one or more essential functions of his/her position; (29 CFR § 825.113; Gov. Code § 12945.2(c)(3)(C));

(e) Leave for a variety of “qualifying exigencies” arising out of the fact that an employee’s spouse, son, daughter, or parent is on active duty or call to active duty status in the National Guard or Reserves in support of a contingency operation (29 CFR § 825.126 -- This is a FMLA leave and not a CFRA leave); or

(f) Leave to care for a spouse, son, daughter, parent, or “next of kin” who is a covered servicemember of the U.S. Armed Forces who has a serious injury or illness: incurred in the line of duty while on active military duty; or existed before the beginning of the member’s active duty and was aggravated by service in the line of duty on active duty in the Armed Forces. This leave can run up to 26 weeks of unpaid leave during a single 12-month period. (29 CFR § 825.127 -- This is a FMLA leave and not a CFRA leave.)

(g) Leave due an inability to work (or telework) due to the care of a child under the Emergency Family and Medical Leave Expansion Act. (Sec. 110 (a)(2)(A).) (Subject to section 806.19 below.)

806.4 Employees Eligible For Leave

An employee is eligible for leave if:

(a) The employee has been employed by the City of Kingsburg for at least 12 months; and

(b) The employee has been employed by the City of Kingsburg for at least 1,250 hours during the 12-month period immediately preceding the commencement of the leave; and

(c) The City of Kingsburg directly employs at least 50 full or part-time employees within a 75-mile radius for each working day during each of 20 or more calendar workweeks in the current or preceding calendar year. The workweeks do not have to be consecutive. The phrase “current or preceding calendar year” refers to the calendar year in which the employee requests the leave or the calendar year preceding this request. (29 CFR § 825.109(d)-29 CFR § 825.111; Gov. Code § 12945.2(a) & (b); 2 Cal.Code Regs §§ 11087(d)(1) & 11087(e).)

An employee is eligible for 12 weeks of parental leave to bond with a new child within one year of the child’s birth, adoption or foster care placement if:

(a) The employee has been employed by the City of Kingsburg for at least 12 months; and
(b) The employee has been employed by the City of Kingsburg for at least 1,250 hours during the 12-month period immediately preceding the commencement of the leave; and

(c) The City of Kingsburg directly employs at least 20 full or part-time employees within a 75-mile radius. (Gov. Code § 12945.6(a)(1.)

806.5 Amount of Leave

Eligible employees are entitled to a total of 12 workweeks (or 26 workweeks to care for a covered servicemember) of leave during any 12-month period. If FMLA leave qualifies as both military caregiver leave and care for a family member with a serious health condition, the leave will be designated as military caregiver leave first. (29 CFR § 825.127.)

806.6 Minimum Duration of Leave

(a) If leave is requested for the birth, adoption or foster care placement of a child of the employee, leave must be concluded within one year of the birth or placement of the child. In addition, the basic minimum duration of such leave is two weeks. However, an employee is entitled to leave for one of these purposes (e.g. bonding with a newborn) for less than two weeks duration on any two occasions. (2 Cal.Code Regs § 11090(d).)

(b) If leave is requested to care for a child, parent, spouse or the employee him/herself with serious health condition, there is no minimum amount of leave that must be taken. However, compliance with the notice and medical certification provisions in this Policy is required. (29 CFR § 825.205; 2 Cal.Code Regs § 11090(e).)

806.7 Parents both Employed by the City of Kingsburg

If both parents of a child, adoptee, or foster child are employed by the City of Kingsburg and are entitled to bonding leave, the aggregate number of workweeks of leave to which both may be entitled may be limited to 12 workweeks during any 12-month period. (29 CFR § 825.120(a)(3).) If both parents of a covered servicemember are employed by the City of Kingsburg and are entitled to leave to care for a covered servicemember, the aggregate number of workweeks of leave to which both may be entitled is limited to 26 work weeks during the 12-month period. This limitation does not apply to any other type of leave under this Policy. (29 CFR § 825.127(f).)

806.8 Employee Benefits While On Leave

(a) Group Health Insurance During Unpaid Leave: Leave under this Policy is unpaid. While on unpaid leave, employees will continue to be covered by the City’s group health insurance for up to 12 weeks each leave year to the same extent that coverage is provided while the employee is on the job. If the employee is disabled by pregnancy, coverage will continue up to four months each leave year. If an employee disabled by pregnancy also uses leave under the CFRA for baby-bonding, the City of Kingsburg will maintain her
coverage while she is disabled by pregnancy (up to four months or 17 1/3 weeks) and during her CFRA leave (up to 12 weeks). (Gov. Code §§ 12945(a)(2)(A) & 12945.2(s).)

(b) Payment of Premiums: Employees may make the appropriate contributions for continued coverage under the health benefits plans by payroll deductions (if the employee is using his or her paid leave) or direct payments (if the employee is not using his or her paid leave). The City of Kingsburg will inform the employee whether the direct payments for premiums should be paid to the carrier or to the City of Kingsburg, and the deadlines for paying premiums in order to prevent coverage from being dropped. Employee contribution rates are subject to any changes in rates that occur while employee is on leave.

(c) Recovery of Premium if the Employee Fails to Return from Leave: If an employee fails to return to work after his/her leave entitlement has been exhausted or expires, the City of Kingsburg shall have the right to recover its share of health plan premiums for the entire leave period, unless the employee does not return because of the continuation, recurrence, or onset of a serious health condition of the employee or his/her family member which would entitle the employee to leave, or because of circumstances beyond the employee’s control. (29 CFR § 825.213; Gov. Code § 12945.2(f)(1); 2 Cal.Code Regs § 11092(c)(5).)

806.9 Substitution of Paid Accrued Leaves

Although family and medical care leave is unpaid, an employee may elect and the City of Kingsburg will require an employee to concurrently use all paid accrued leaves during family and medical care leave as described below.

806.9.1 Employee’s Right to Use Paid Accrued Leave Concurrently with Family Leave

An employee may use any earned or accrued paid leave except sick leave for all or part of any unpaid family and medical care leave. An employee is entitled to use sick leave concurrently with family and medical care leave for the employee’s own serious health condition or that of the employee’s parent, spouse, domestic partner or child. (Gov. Code § 12945.2(e); Labor Code §§ 233 & 246.5(a)(1).)

806.9.2 Right to Require an Employee to use Paid Leave when using FMLA/CFRA Leave

Employees must use and exhaust their accrued leaves concurrently with family and medical care leave to the same extent that employees have the right to use their accrued leaves concurrently with family and medical care leave with two exceptions:

(a) Employees are not required to use paid leave during leave pursuant to a disability plan that pays a portion of the employee’s salary while on leave unless the employee agrees to
use paid leave to cover the unpaid portion of the disability leave benefit; (29 CFR § 825.207(d); 2 Cal.Code Regs. § 11092(b)(2) & (3)); and

(b) An employee must agree to use accrued sick leave to care for a child, parent, spouse or domestic partner. (Gov. Code § 12945.2(e); 2 Cal.Code Regs § 11092(b).)

806.9.3 Right to Require an Employee to Exhaust FMLA/CFRA Leave Concurrently with Other Leaves

If an employee takes a leave of absence for any purpose which also qualifies under both the FMLA and CFRA, the City of Kingsburg will designate that leave as running concurrently with the employee’s 12-week FMLA/CFRA leave entitlement. The only exception is for peace officers and firefighters who are on paid industrial injury leave. (Labor Code §4850(e).

806.9.4 City of Kingsburg and Employee’s Rights if an Employee Requests Accrued Leave without Mentioning FMLA or CFRA

If an employee requests to utilize accrued vacation leave or other accrued paid time off without reference to a FMLA/CFRA qualifying purpose, the City of Kingsburg may not ask the employee if the leave is for a FMLA/CFRA qualifying purpose. (2 Cal.Code Regs § 11092(b)(4)(A).) However, if the City denies the employee’s request and the employee provides information that the requested time off is for a FMLA/CFRA qualifying purpose, the City of Kingsburg may require the employee to exhaust accrued leave as described above. (2 Cal.Code Regs § 11092(b)(4)(A)(1).)

806.10 Medical Certification/ Recertification

Employees who request leave must provide a medical certification and/or recertification to support the need for the leave as described below:

(a) Employee’s Own Serious Health Condition: Employees who request leave for their own serious health condition must provide written certification from the health care provider that contains all of the following: the date, if known, on which the serious health condition commenced; the probable duration of the condition; and a statement that, due to the serious health condition, the employee is unable to work at all or is unable to perform any one or more of the essential functions of his or her position. (Gov. Code § 12945.2(j)(2); 2 Cal. Code Regs § 11087(a)(2); 2 Cal.Code Regs § 11091(b)(2).) Upon expiration of the time period the health care provider originally estimated that the employee needed for his/her own serious health condition, the employee must obtain recertification if additional leave is requested. (Gov. Code § 12945.2(j)(2); 2 Cal. Code Regs § 11091(b)(2); 29 CFR § 825.308.)

(b) Family Member Serious Health Condition: Employees who request leave to care for a child, parent, domestic partner or a spouse who has serious health condition must provide written certification from the health care provider of the family member requiring care
that contains all of the following: the date, if known, on which the serious health
condition commenced; the probable duration of the condition; an estimate of the amount
of time which the health care provider believes the employee needs to care for the child,
parent, domestic partner, or spouse, and a statement that the serious health condition
warrants the participation of the employee to provide care during a period of treatment or
supervision of the child, parent or spouse. The term “warrants the participation of the
employee” includes, but is not limited to, providing psychological comfort, and arranging
third party care for the covered family member, as well as directly providing, or
participating in, the medical care. (Gov. Code § 12945.2(k)(1); 2 Cal.Code Regs §
11087(a)(1); 2 Cal.Code Regs § 11091(b)(1).) Upon expiration of the time period the
health care provider originally estimated that the employee needed to care for a covered
family member, the employer must obtain recertification if additional leave is requested.
(Gov. Code § 12945.2(j)(2); 2 Cal.Code Regs § 11091(b)(1); 29 CFR § 825.308.)

(c) **Servicemember Serious Injury or Illness:** Employees who request FMLA leave to care
for a covered servicemember who is a child, spouse, parent or “next of kin” of the
employee, must provide written certification from a health care provider regarding the
injured servicemember’s serious injury or illness. (29 CFR § 825.310.) The City of
Kingsburg will verify the certification as permitted by the FMLA regulations. (29 CFR §
825.310(c) & (f).)

(d) **Qualifying Exigency:** The first time an employee requests FMLA leave because of a
qualifying exigency, an employee may require the employee to provide a copy of the
military member’s active duty orders or other documentation issued by the military which
indicates that the military member is on covered active duty or call to active duty status in
a foreign country, and the dates of the military member’s active duty service. A copy of
the new active duty orders or similar documentation shall be provided to the City of
Kingsburg if the need for leave because of a qualifying exigency arises out of a different
active duty or call to active duty status of the same or a different military member. (29
CFR § 825.309.) The City of Kingsburg will verify the certification as permitted by the
FMLA regulations. (29 CFR § 825.309(d).)

806.11 **Time to Provide a Medical Certification**

When an employee has provided at least 30 days’ notice for a foreseeable leave, the employee
must provide a medical certification before the leave begins. When this is not possible, the
employee must provide the medical certification to the City of Kingsburg within the time frame
requested by the City of Kingsburg (which must allow at least 15 calendar days after the
employer’s request), unless it is not practicable under the particular circumstances to do so
despite the employee’s diligent, good faith efforts. (2 Cal.Code Regs § 11091(b)(3); 29 CFR §
825.305(b).)
806.12 Consequences for Failure to Provide an Adequate or Timely Certification

If an employee provides an incomplete medical certification, the employee will be given a reasonable opportunity to cure any such deficiency. (2 Cal.Code Regs § 11091(b)(3); 29 CFR § 825.313(a) & (b).) However, if an employee fails to provide a medical certification within the time frame established in this Policy, the City of Kingsburg may delay the taking of FMLA/CFRA leave until required certification is provided, or deny FMLA/CFRA protections following the expiration of the time period to provide an adequate certification. (2 Cal.Code Regs § 11091(b)(3); 29 CFR § 825.313(a).)

806.13 Personnel Officer’s Review of the Contents of Medical Certification for Employee’s Own Serious Health Condition

(a) **Complete and Sufficient:** The employee must provide a certification for his or her own serious health condition that is complete and sufficient to support the request for leave. A certification is incomplete if one or more of the applicable entries on the certification form have not been completed. A certification is insufficient if the information on the certification form is vague, ambiguous, or not responsive. If the certification is incomplete or insufficient, the Personnel Officer will give the employee written notice of the deficiencies and seven days to cure, unless a longer period is necessary in light of the employee’s diligent, good faith efforts to address the deficiencies. (29 CFR § 825.305(c).)

(b) **Authentication and Clarification:** After giving the employee an opportunity to cure the deficiencies in a medical certification for the employee’s own serious health condition, the Personnel Officer may contact the health care provider who provided the certification to clarify and/or authenticate the certification. “Authentication” means providing the health care provider with a copy of the certification form and requesting verification that the information on the form was completed or authorized by the health care provider who signed the form. “Clarification” means contacting the health care provider to understand the handwriting on the medical certification or to understand the meaning of the response. The Personnel Officer may not ask for additional information beyond that required on the certification form. (29 CFR § 825.307(a).)

806.14 Second and Third Medical Opinions for Employee’s Own Serious Health Condition

If the City of Kingsburg has a good faith, objective reason to doubt the validity of a certification for the employee’s serious health condition, the City of Kingsburg may require a medical opinion of a second health care provider chosen and paid for by the City of Kingsburg. If the second opinion is different from the first, the City of Kingsburg may require the opinion of a third provider jointly approved by the City of Kingsburg and the employee, but paid for by the City of Kingsburg. The opinion of the third provider will be binding. (29 CFR § 825.307(b) & (c); 2 Cal.Code Regs § 11091(b)(2)(A).) The City of Kingsburg must provide the employee with
a copy of the second and third medical opinions, where applicable, without cost, upon the request of the employee. (29 CFR § 825.307(d); 2 Cal.Code Regs § 11091(b)(2)(D).)

806.15 Intermittent Leave or Leave on a Reduced Leave Schedule

If an employee requests leave intermittently (a few days or hours at a time) or on a reduced leave schedule for his or her own serious health condition, or to care for an immediate family member with serious health condition, the employee must provide medical certification that such leave is medically necessary. “Medically necessary” means there must be a medical need for the leave and that the leave can best be accomplished through an intermittent or reduced leave schedule. (2 Cal.Code Regs § 11090(e); 29 CFR § 825.202(b).) The City of Kingsburg may require an employee who certifies the need for a reduced schedule or intermittent leave to temporarily transfer to an alternate position of equivalent pay and benefits that better accommodates the leave schedule. (2 Cal.Code Regs § 11090(e)(1); 29 CFR § 825.204.)

806.16 Employee Notice of Leave

Although the City of Kingsburg recognizes that emergencies arise which may require employees to request immediate leave, employees are required to give as much verbal or written notice as possible of their need for leave. (29 CFR § 825.304(a).) If leave is foreseeable, at least 30 days’ notice is required. In addition, if an employee knows that he/she will need leave in the future, but does not know the exact day(s) (e.g. for the birth of a child or to take care of a newborn), the employee shall inform his/her supervisor as soon as possible that such leave will be needed. (29 CFR § 825.302(a); 2 Cal.Code Regs § 11091(a)(2) & (3).) For foreseeable leave due to a qualifying exigency, an employee must provide verbal or written notice of the need for leave as soon as practicable, regardless of how far in advance such leave is foreseeable. (29 CFR § 825.302(a).)

806.17 Reinstatement Upon Return From Leave

(a) Reinstatement to Same or Equivalent Position: Upon expiration of leave, an employee is entitled to be reinstated to the position of employment held when the leave commenced, or to an equivalent position with equivalent benefits and pay. Employees have no greater rights to reinstatement, benefits, and other conditions of employment than if the employee had been continuously employed during the FMLA/CFRA period. (2 Cal.Code Regs § 11087(f) & (g); 2 Cal.Code Regs § 11089(a); 29 CFR § 825.214-215; 29 CFR § 825.216.)

(b) Date of Reinstatement: If a definite date of reinstatement has been agreed upon at the beginning of the leave, the employee will be reinstated on the date agreed upon. If the reinstatement date differs from the original agreement of the employee and the City of Kingsburg, the employee will be reinstated within two business days, where feasible, after the employee notifies the employer of his/her readiness to return. (2 Cal.Code Regs § 11089(e)(1) & (2).)
(c) **Employee’s Obligation to Periodically Report on His/Her Condition:** Employees may be required to periodically report on their status and intent to return to work. This will avoid any delays to reinstatement when the employee is ready to return. (29 CFR § 825.311.)

(d) **Fitness for Duty Certification:** As a condition of reinstatement of an employee whose leave was due to the employee’s own serious health condition, which made the employee unable to perform his or her job, the employee must obtain and present a fitness-for-duty certification from the health care provider stating that the employee is able to resume work. Failure to provide such certification will result in denial of reinstatement. (Gov. Code § 12945.2(k)(4); 29 CFR § 825.312.)

(e) **Reinstatement of “Key Employees”:** The City of Kingsburg may deny reinstatement to a “key” employee (i.e., an employee who is among the highest paid 10 percent of all employed by the City of Kingsburg within 75 miles of the worksite) if such denial is necessary to prevent substantial and grievous economic injury to the operations of the City of Kingsburg, and the employee is notified of the City of Kingsburg’s intent to deny reinstatement on such basis at the time the employer determines that such injury would occur. (Gov. Code § 12945.2(r)(1); 29 CFR §§ 825.217-219.)

However, paid leave is subject to a cap of $200 per day and $10,000 total.

(c) Restoration to Prior Position

(FMLA Sec. 110(d).)

If the City of Kingsburg is unable to restore the employee to an equivalent position to the employee’s prior position, the City of Kingsburg will notify the employee if an equivalent position becomes available within 1-year of either, the date the public health emergency concludes or date which is 12 weeks after the employee started their Emergency Family and Medical Leave, (which ever date is earlier). City of Kingsburg

Kingsburg, CA 93631

Dear Kingsburg City Council:

One of our goals at Kingsburg High School is to help alleviate the traffic that surrounds our campus during the school day. We have recently been working closely with Officer Fuentes and the Kingsburg Police Department to do just that.

We have a working plan in place to help with this issue. The first step that we have taken is to shut down the cross walk that runs East/West into the park outside of the administration building during the morning hours. Our students have been asked to use the other cross walk by the traffic signals. This was done under the advice of Officer Fuentes. Although this is one step of many we hope to implement, we have already seen progress towards our goal.

It is the desire of KHS that this cross walk is permanently shut down by putting curbs in and scraping off the yellow paint on the road. With a cross walk that has a signal roughly 40 yards away, it makes sense for the safety of our students, staff, and drivers.

We have appreciated Officer Fuentes being so proactive and also for Alex Henderson meeting with us.

Sincerely,

Dear City of Kingsburg Council members,

My name is Addison Jost and I am 12 years old. I would love the city to reconsider the ban on chickens within the city limits. I believe that chickens are very beneficial, especially with the current situation. I think that it also allows children to learn so much about having responsibility and learning how to care for an animal that provides such a vital source of food for our economy. Chickens are good for many things. For example: Fresh eggs, free fertilizer, meat, and they make very good garbage disposals. I have some suggestive guidelines if the restriction is lifted.

- No roosters or cockerels.

- Hens only.

- Six hens and under.

- Coops should not be visible to your neighbors.

- Neighbors should not be able to see/smell chickens.

- Chickens should have proper care

- Chickens MUST be in coop and can not be free range.

Thank you so much for taking the time to meet and reconsider allowing chickens within our city limits.

Sincerely,

Addison Jost
Hi Abigail. My Name is Coleman I am a Kingsburg resident and I am writing this email in support of people keeping chickens in the city. My family is big into gardening and growing our own food. We would love to be able to have a small number laying hens on our property for fresh eggs and fertilizer.

I would attest that a responsible chicken owner and a responsible pet owner have the same impact on neighborhoods and the quality of live of residents. Chickens make great “pets” produce a reliable food product, are great at dealing with organic waste and produce great compost for our gardens! If pens and coops are properly kept and maintained there is not fowl smell.

I propose the city consider allowing chickens with the following guidelines
- laying hens only no rosters
- small number of chickens per property I know 6-8 is common in other surrounding cities
- chickens must be kept in a coop not free range chickens
- chicken coops must be of reasonable size and may not be in front yards or be built taller than the fence line.

Kingsburg is a small agriculture based community. Our people love to grow food let’s catch up and add chickens to the list!

Thanks so much

Hi Abigail.

My name is Paige, I am a Kingsburg resident and am writing this email in support of people keeping chickens within the city limits. My family loves gardening and growing our own food. We would love to be able to have a small number of laying hens on our property for fresh eggs and fertilizer.

I assert that a responsible chicken owner and a responsible pet owner have the same impact on neighborhoods and the quality of life of residents, with even more benefits than a typical domestic pet. Chickens make great pets, produce a reliable food product, are great at dealing with organic waste, and produce great compost for our gardens! If pens and coops are properly maintained there is no foul odor. They are quieter than dogs barking (chickens have a decibel level of 60-70 decibels, while a dog bark is 80-115 decibels). In addition to kitchen scraps and weeds they are also excellent pest control and will eat fleas, ticks, mosquitoes, grasshoppers, slugs, and even mice!

I propose the city consider allowing chickens with the following guidelines
- laying hens only, no roosters
- small number of chickens per property I know 6-8 is common in other surrounding cities
- chickens must be kept in a coop, not free range chickens
- chicken coops must be of reasonable size and may not be in front yards or be built taller than the fence line.

Kingsburg is a small agriculture based community. Our people love to grow food let’s add chickens to the list of foods we can grow ourselves!

Thank you for your time.

Subject: Backyard Chickens

Dear Mayor Roman,
Greetings, I am writing to you to request that the city council reconsider the recently enacted prohibition against the keeping of chickens within city limits. I have lived in Kingsburg for over 40 years. For most of that time chickens were legal and not all that uncommon to backyards around town. I actually kind of enjoyed hearing their occasional clucking. While I have never kept them myself, I was against the ban when enacted and regret not making my opinion known at the council meetings leading up to the decision. To be honest, I never imagined the decision to ban chickens would be made so quickly and easily. As I said, I have never kept chickens but I do think citizens should be allowed to. I am not talking about a full-on poultry operation; just enough to supply a family with enough eggs for breakfast a few times a week would be great. Please reconsider and let us citizens keep a few chickens in our backyards. Thank you and stay well,

Brad Deaver

Mrs. Palsgaard,

I would like to vote to have chickens in the city. They are good pets and having egg laying potential. I am fine with not have a rooster. Having chickens can be a great for teaching also for kids. Chickens need the same care as a cockatiel, parrot or other birds. It's a safer and healthier alternative to factory farmed poultry and eggs. Backyard and free ranged hens produce eggs that are very nutritious and great tasting. Not to mention they are always fresh! Free ranged and backyard hens' eggs are also much healthier than battery hens' eggs. Chickens make great pets for children and great 4H projects. Chickens are entertaining and keeping and spending time with your feathered friends, or just "watching chicken TV", can be rewarding and at times very funny. Chickens will happily take care of crickets, grass hoppers, snails and other pests in the garden. You can also feed the vegetable scraps too. Thank you for listening.

Signed,
Amanda Gleason

ABSOLUTELY NOT!!

When I first moved to Kingsburg in the 1960s, I bought a house on 21st street, the neighbor to the north of me had some chickens in the back yard.

The chickens were noisy, did not smell good, a real nuisance to the neighborhood.

Chickens do not belong in the city.

To Abigail Palsgaard:

My name is Erin, and I live in Kingsburg. It is my understanding that the topic of whether to allow residents within city limits to have chickens in their yard is going to be discussed at the next council meeting. I am writing to provide my enthusiastic support in allow this! I believe that in a town such as ours, where many residents have private yards, allowing chicken ownership will benefit those who are interested in doing so, and have no drawback for those who have no interest. Many towns around us have recognized the benefits and allow it, and we should join in, too!

I have included a link to a document written by a resident in Berkley, MI, that I found to be very thorough in addressing the benefits and concerns a city might consider. (I am not the author of this document, but found it very thoughtful!) Feel free to take a look for more info. https://drive.google.com/file/d/0B8dx6nzTA_wQV0x6QjNOZjd6QVk/view

Are you able to pass along my support to the appropriate people? Please let me know if there is someone else I need to contact to show my support for this, or if further explanation is needed. I am unable to call into the meeting voice support.

Thank you, and take care!
Erin Michel
Hello,

I am all for backyard chickens. If you have female only (some are sexed so you know they are female) they don’t make noise. Also, I would keep them in an enclosure not free range. We should use more organic foods and be able to provide for our families in times like this with the pandemic as well as non-disaster times. My neighbors don’t have a problem with us wanting chickens.

Thank you,

ATTEST:

Abigail Palsgaard, City Clerk
Exhibit A

Pursuant to California Health and Safety Code Sections 101040, 120175, and 120175.5(b) the Health Officer of the County of Fresno issued orders impacting all employers in Fresno County. Those include:

1. On a daily basis, while conducting business, screen all employees for febrile respiratory illness
2. Exclude from work all employees that report symptoms of febrile respiratory illness for seven days from the day that they are identified as having symptoms; and
3. Direct employees excluded from work to isolate at home AND to notify all close contacts to quarantine themselves for 14 days from the last known contact with the patient.

As such, all department heads will be responsible for implementing the COVID-19 Screening Checklist for Non-Medical Employers as provided by the city. These screenings should be done at the beginning of each workday. Employees should report if they experience any developing symptoms throughout their regular workday.

In addition, the city will provide each department with digital thermometers. Employees may be asked to have their temperature taken if other symptoms are present (e.g. a cough being attributed to an existing health condition). An employee whose temperature reads above 100.4 F will be sent home and asked to self-isolate until they are asymptomatic for 3 days without the use of any medications. A single person (supervisor or their designee) will administer the temperature test (if needed). The person administering the test will wear protective gloves and clean the thermometer after each use with alcohol. The individual administering a temperature check is solely allowed to discuss the results with the Director of Administrative Services and the supervisor if necessary.

For the purpose of this order:

a. Febrile respiratory illness is defined as “a new or worsening episode of either cough or shortness of breath, presenting with fever (temperature 38 degrees C or 100.4 degrees F or higher) or chills in the previous 24 hours,”
b. Close contact is defined as someone who has spent 15 minutes or more time within 6 feet or less of the person;
c. Isolation is defined as “separation of sick people with a contagious disease from people who are not sick,”
d. Quarantine is defined as “separation and restricts the movement of people who were exposed to a contagious disease to see if they become sick.”
e. Social distancing is defined as “maintain a six-foot separation from all persons except for family members;” and
f. Symptoms of COVID-19:
   - Fever
   - Cough
   - Shortness of breath
COVID-19: SCREENING CHECKLIST FOR EMPLOYEES

ALL employees entering the building must be asked the following questions:

On March 27, the Fresno County of Fresno Health Officer issued an order requiring businesses to conduct workplace screenings to exclude those with febrile respiratory illness.

1. **YES or NO, since your last day of work, or since your last visit to this facility, have you experienced any of the following***:
   - ☐ NEW fever (100.4 F or higher), a sense of having a fever, or chills?
   - ☐ NEW cough, sore throat, runny nose not from an existing health condition?
   - ☐ NEW shortness of breath you cannot attribute to another health condition?
   - ☐ NEW excessive fatigue you cannot attribute to another health condition?
   - ☐ Have you had close, unprotected contact with a suspected or known COVID-19 patient (spent longer than 15 minutes within 6 feet of someone who was sick with a fever and cough)?

Employees may be asked to have their temperature taken if other symptoms are present (e.g. a cough being attributed to an existing health condition). An employee whose temperature reads above 100.4 F will be sent home and asked to self-isolate until they are asymptomatic for 3 days without the use of any medications.

* * *

If an employee answers YES to any of the questions:*:
   - ☐ Do not allow them to enter the facility;
   - ☐ Instruct them to go home;
   - ☐ Inform them they will need to use annual leave;
   - ☐ Inform them before returning they must be symptom free for 72 hours without the use of fever-reducing medications AND have improvement in respiratory symptoms AND, at least 7 days must have passed since symptoms FIRST appeared;
   - ☐ Instruct them to speak with their supervisor before returning to work; and
   - ☐ Report any employees being sent home to Director of Administrative Services

* * *

If the visitor or employee answers NO to all the questions remind them to:
- Wash their hands or use alcohol-based hand rub.
- Maintain social distancing of 6 feet.
- Should they feel any of these symptoms during the day they are to leave work immediately and contact their employer through appropriate channels.
